

The European Lime Association

DECLARATION OF COMMITMENT ON SAFETY

Our commitment to Health and Safety at work is the highest priority and is an integral part of our strategy. The EuLA Safety TF has been created with the following vision in mind:

PURPOSE

- To enable the Lime industry to move towards “zero-harm”,
- To compliment and not replace safety management and initiatives within member companies
- To raise awareness of the importance of leadership in safety performance
- To compare and challenge members’ approach to safety

SHARING

- Develop a culture of openness on safety within the members and with similar sectors
- Establish rapid and transparent reporting of serious incident or high potential events to enable learning
- Create a forum for sharing the leadership challenges and approaches associated with safety improvement
- Share the successes in safety improvement (technologies, practical tools, initiatives)
- Make available collated EuLA safety database and analyse together for learning

COMMITMENT

- To actively dedicate time, resource, information and cooperation for TF activities
- Mandate to the Task Force to seek solutions on safety where needed
- Members to rotate as seminar hosts

The undersigned commit to the above

Brussels, 6th June 2019

EuLA President

Safety TF Chair

Secretary General
